

Personal Data Sheet (PDS) Format of

Dr. Mohammad Munir Hossain

Mailing Address

**Principal Scientific Officer & Officer in charge
Bangladesh Jute Research Institute
Regional Station, Chandina, Cumilla -3503**

 **+88017133765672**
 **+8802334408625**
 ***munibjri@gmail.com***
 ***www.bjri.gov.bd***

Personal Information

1.	Name	:	Dr. Mohammad Munir Hossain
2.	Father's Name	:	Osman Goni
3.	Mother's Name	:	Meher Afroz
4.	Husband' Name (If applicable)	:	N/A
5.	Gender	:	Male
6.	Present address	:	Bangladesh Jute Research Institute, Regional Station Chandina, Cumilla-3503
7.	Permanent address	:	Mohammad Hossain Patwari Bari, Patwari hat Road, South Falcon, Kamal Nagar, Lakshmipur-3731
8.	Date of Birth	:	10th May, 1979
9.	Age (As on 01-01-2023)	:	43 years 07 months 22 days

10. Educational Qualifications

SL.	Degree/ Diploma/Certificate	Institute/ Board/University	Year of Passing	Division/grade /Class
i.	PhD	Biotechnology Research Institute, University Malaysia Sabah	2023	Awarded
ii.	Master of Science	Bangabandhu Sheikh Mujibur Rahman Agricultural University	2010	CGPA 3.90 (Out of 4.00)
iii.	B.Sc. Ag. (Hons)	Sher e Bangla Agricultural University	2001	Second Class
iv.	Higher secondary School Certificate	Lakshmipur Government College, Cumilla Board	1996	First Division
v.	Secondary School Certificate	Lakshmipur Adarsha Samad Government High School, Cumilla Board	1994	First Division

11. Field of Specialization

SL.	Areas of Specialization
i.	Management of agricultural research Farm
ii.	Seed and fiber production of Jute and allied fiber crops
ii.	Post harvest processing of bast fiber

12. Training

(a). In country

SL. No.	Organization	Year	Duration		Name of programme
			Mon s.	Da ys	
i	Bangladesh Jute research Institute	2005	0	06	Orientation cum Technology Transfer Training
ii	Bangladesh Jute research Institute	2005	0	02	Modern Jute and seed production and storage Technology
iii	Bangladesh Academy for rural development	2006	0	02	Awareness Building on the Recent Advances of Agricultural Biotechnology and Biosafety
iv	Bangladesh Academy for rural development	2007	4	0	Foundation Training Course for National Agricultural Research System Scientists
v	Bangladesh Rural Development Training Institute, Sylhet	2007	0	2	Rural Development and Poverty Alleviation
vi	Bangladesh Road Transport Authority, Narayanganj	2007	0	22	Basic Driving Training in Light Transport Vehicle
vii	Graduate Training Institute Mymensingh	2010	0	14	Research Methodology
viii	Bangladesh Jute research Institute	2012	0	4	Technical Report Writing and Editing
ix	Bangladesh Agricultural Research Council	2012	0	2	Soil Fertility and Fertilizer Management for crops and cropping Pattern
X	Bangladesh Agricultural Research Council	2012	0	2	Seed Quality Management
Xi	Bangladesh Jute research Institute	2023	0	1	Personal Ledger (PL) account IBAS++

(b). Abroad: Nil

SL. No.	Organization	Year	Duration		Name of programme

13. Experience

SL. No.	Positions	Period		
		From	To	Total (Yr./Mo)
i	Scientific officer	01/11/2004	23/11/2015	11 years 0 months 11 days
ii	Senior Scientific Officer	24/11/2015	04/12/2022	07 years 10 days
iii	Principal Scientific officer	05/12/2022	Till now	-

14. Publications

a. Full scientific articles as Principal author

11. Research Achievement

- (i) No. of technology developed:
- (ii) No. of the research program:

(a) Supervised: 25

(b) Executed: 35

16. Outstanding achievement

Thesis/ Dissertation on Jute and allied fiber research

i). Hossain M. M. (2010). Quality of jute seed produced in conventional and late season and performance of ten jute varieties in late seasons. Submitted for the partial fulfilment of Master of Science in Seed technology. Bangabandhu Sheikh Mujibur Rahman Agricultural University. Salna, Gazipur Bangladesh.

ii). Hossain M. M. (2022). Enhancement of Kenaf bio degumming process by Sabah isolates - alkalophilic pectinase producing bacteria and aqueous solvents. Submitted for the partial fulfilment of PhD. Biotechnology research institute, University Malaysia Sabah.

Award/ Fellowship

1. Master of Science fellowship awarded by Bangladesh Jute research Institute under the project “পাট ও পাট জাতীয় ফসলের কৃষি প্রযুক্তি উদ্ভাবন ও হস্তান্তর প্রযুক্তি”।

2. Foreign PhD study fellowship awarded by Bangladesh Agricultural Research Council (BARC), Ministry of Agricultural, Peoples republic of Bangladesh under the project “National Agricultural Technology project- 2”.

3. Acquired Skill

i. Proficient in serving as regional station head responsible for the implementation of research programs focused on regional jute agricultural problems for over eighteen years

ii. Monitoring the daily activities of regional research stations, such as research programs, budget, labor, human resources, APA, shuddachar, NIS, annual planning, and evaluations.

iii. Execution of BJRI central stations development and research program

iv. Execution of BJRI headquarters research programs from all agricultural divisions

v. Experience in Computer literacy- M.S. Word, MS Excel, MS PowerPoint, MSTAT, Minitab, R software, MEGA, etc.

vi. Trainer for the farmers on jute seed production, ribbon retting, and other jute agriculture technologies

vii. Actively participated in RTCC of more significant Chittagong divisions representing BJRI regional stations and regional research-extension review workshops.

vii. Acquired International English Language Test (IELTS), proficiency test band score 6.00

viii. Productions and certifications of TLS, and breeder seed of Jute and allied fiber crops. Gained proficiency of others crops production as part of crop rotation in the station's field, such as rice and mustard with mutual contracts of BADC seed production scheme.

ix. Served as head and focal point of the regional station under the Farm Management Unit of BJRI to achieve the station's goals.

x. Acquired proficiency of the regional stations research program, personnel management, project management, labor management, financial management, administration, and supervision of research programs. Execution in Field Research, report writing, and monitoring.

xi. Acquired proficiency of maintaining linkage with DAE, others research organizations, and progressive jute and allied crops farmers.

xii. Proficient in arranging training, seminars, for different stakeholders, arranging symposiums, report writing, monitoring and evaluation of farm-level project activities.

xii. Directly involved in a variety of releasing processes ZYT, RYT and certification. Involved in the BJRI jute variety, (BJRI deshipat-8) BJC-2197; BJRI deshipat-9 BJC-5003, , BJRI tossa pat -6 (O-3820) , BJRI mesta-3(SAMU-93), BJRI kenaf 3 and 4 (Bot kenaf and KE-3) regional yield trial, and NSB evaluation process.

xiii. Involved in the dissemination of BJRI technology to the farmer's level. The ribbon retting, late jute seed, and high-yielding jute, kenaf, and mesta varieties dissemination to farmers level through demonstration, field day, and training executed at Chittagong division.

xiv. Represented the regional station in RATEC of Chittagong division. Member of district and upazilla coordination committee. Actively participated in national, MOA, and BJRI programs.

VALIDATION

“All the information and data presented here are true to the best of my knowledge”.

28/03/2023

(Dr. Mohammad Munir Hossain)
